ATTN: Colonel Rick Fuentes

04/04/12

Dear Colonel Fuentes:
Several times a year different Car Clubs will independently donate their time and vehicles, or, join together for various charity events. Most involve parking our vehicles and opening them up and sharing our passion with individuals who would not normally have the privilege to enjoy such finely engineered vehicles. Some events we remain parked while people will sit in them, take pictures with them, or ask questions ranging from price to complexities only the engineers who designed them know. Other events have been organized for "prize-winners" to be a passenger in our vehicles for a short trip, all for the benefits of the charities.

Different clubs focus on different charities, some based on the various regions around the tri-state area, and other for specific groups. They include charity events for hospitals, cancer centers, Veterans groups, and Families of Fallen Soldiers. The institutions and organizations provide the location and marketing, while we provide the vehicles of interest. Some of these events are extraordinarily emotional moments. The most moving event attended was a toy drive for a Children's Specialized Hospital, headquartered in Mountainside, NJ. It is the largest pediatric rehabilitation health system in the United States, serving children affected by Spinal Cord Dysfunction, Autism, Brain Injury and Life-Changing Illness. The toys were not only for the patients, but for their brothers and sisters who come to visit with parents, and have something to occupy their time during their stay. The sound of revving engines and the brightly colored vehicles was quite a stimulus for the patents and their families. Everyone who attended was moved by the smiles on these children's faces and their reactions to our vehicles.

A concept has been developing that it would be good to share charitable events with other clubs for a better result to the charities we offer our vehicles and time to – and a consortium of Classic and Exotic car clubs throughout New York, Connecticut, Pennsylvania and New Jersey convened in Atlantic City on Friday, May 30th for a dinner conference, primarily regarding charity events for the rest of the year.

A member of many different clubs, Brandon Jacobs of the NY Giants football team, helped several Car Clubs from Northern New Jersey with an escort by the New Jersey State Police. After having such a privilege, it was decided that a letter of appreciation was in order.

[redacted]

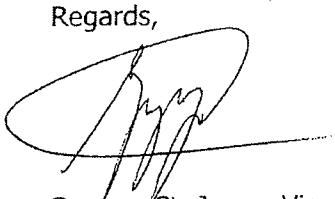

On behalf of many car clubs throughout the tri-state area, we would like to thank Sergeant Nod Nassry [redacted] and Trooper Joe Vetrella and all the New Jersey State Police for their help and guidance for our meeting.

Furthermore, should the New Jersey State Police hold a charity, or similar event to benefit the members of the State Police and affiliates, some of the clubs and their members would be more than willing to participate with donating their time and vehicles for an event. Sergeant Nod Nassry has the ability to contact several of the Car Clubs, which could provide vehicles from special interest to exotic cars, so please feel free to him contact us, or call me directly.

We would be honored to give back to the New Jersey State Police for all they have done for us.

On behalf of the many Classic and Exotic Car Clubs, we thank you again for your assistance.

Regards,

Gregory St. James Vigeant
